WorkTech - TS1911 ESD Vinyl

Upholstered in Skai Mano-S vinyl with unique anti-static properties, ideal for sensitive ESD production areas.

Equipped with ESD castors or glides, and enclosed gas lifts. Fully adjustable twin-lever mechanisms, for seat height, back height and rake, to support optimal posture and minimise fatigue along with height adjustable foot ring.

Conforms to BS EN 61340-5-1 for conductivity.

- ✔ 5-year guarantee
- ✔ Made in the UK
- ✔ 150 kg weight capacity
